

# The love I'm frightened of (Luke Batt)

Tabbed by katie-melua.org – Tune your guitar one step down

*C Cadd9 Cs*

If I wait

*F Fadd9 F*

Don't move a muscle

*C Cadd9 C*

Maybe somehow a spark will strike

*F Fadd9 F*

It's been a long night

*C Cadd9 C*

So sincere

*Dm*

But the message is still a struggle

*F*

Knives with which we juggle

*G*

While we jump through fire

*Dm*

So maybe I'll move on and make a mistake

*F*

And see if my earth-quakes

## [Chorus]

*C G*

This is the love I'm frightened of

*Dm F*

Doesn't come with a leaflet that says how to keep it

*C G*

This is the love that can't be seen

*Dm F C*

No detailed instructions or Japanese symbols like you find on a washing machine

## Repeat same as first verse

Slow me down

Apply some gentle pressure

And maybe somehow a spark will strike

I hope it might

One is best

But lacking in conversation

Safe but no relation

To the warmth you give

So maybe I move on and make a mistake

And see if my earth-quakes

## Chorus adlib
